<p>The <b>S.E.A. Aquarium (South East Asia Aquarium)</b> was the world's largest aquarium by total water volume until overtaken by Chimelong Ocean Kingdom in Hengqin, China. It contains a total of 45,000,000 litres (9,900,000 imp gal; 12,000,000 US gal) of water for more than 100,000 marine animals of over 800 species. The aquarium comprises 10 zones with 49 habitats. The centerpiece of the Aquarium is the Open Ocean tank with more than 18,000,000 l (4,000,000 imp gal; 4,800,000 US gal) and 50,000 animals. Until 2014 when eclipsed by China's Chimelong Ocean Kingdom, it had the world's largest viewing panel, 36-metre (118 ft) wide and</p>

8.3-metre (27 ft) tall, which is intended to give visitors the feeling of being on the ocean floor. The **S.E.A. Aquarium** houses the world's largest collection of manta rays, including the only giant oceanic manta ray in captivity. It also showcases 24 Indo-Pacific bottlenose dolphins, scalloped hammerhead sharks, the Japanese spider crab, and relatively uncommonly-exhibited species such as the guitarfish and the chambered nautilus. Enter and explore the marine realm of **S.E.A. Aquarium**, home to more than 100,000 marine animals of over 1,000 species, across into 50 different habitats, each one as fascinating as the next. It's an experience you won't forget.
